MATCH COURSE OF FIRE: Total of 4 relays. Each relay consists of engaging 5 targets within a set time limit (2 min 30 sec) for a total score of 20.

PRACTICE/SWINGERS: There will be no sighting-in sessions or practice shots at "swingers".

ONE shot per target. Hit or miss, you move on to the next target. High score is most targets knocked down. *Targets must be knocked over to score a point. If any targets are knocked down due to causes outside of the bullet hitting the target, targets may be reset once all the shooters of the relay have finished.

All shooting is done standing off-hand, conventional 2-handed grip only with the firearm unsupported.

Silhouette Is A TEAM Effort: A Metallic Silhouette team consists of a shooter and a spotter, simply changing roles as spotter and shooter when the other finishes their relay. No spotter, no problem, we will squad you up with another shooter. The two most important responsibilities of the spotter is to ensure their partner is abiding by the safety rules and to record their score accurately.

Determining which relay to start: "We will pull from a hat"
