

Clairton Sportsmen's Club

From the President:

PHASE 1 – FIVE STAND INSTALLATION

The first Phase of work to install a FIVE STAND was completed last week. Quality used Five Stand throwing machines have been procured along with a modular trap house to replace the badly deteriorated Trap 1 house. The wobble trap was removed and placed on a trailer and is operational for regular use. Trap 1 was demolished and the site is being prepared for the modular trap house.

Great work by Jeff Fenton and his crew Jack, Ken, Vaughn & Mo.

CONTINUOUS CLUB IMPROVEMENTS

Bill Sellitto
