

CLAIRTON INDOOR .22 PROGRAM 2016

Clairton Members: Do you have a new shooter? Why not bring them to *your* clubs indoor .22 program? The program begins in January 7th 2016 and runs to Match 10th 2016. Sign –up begins at 7 PM

We meet at the indoor archery range and pull back the hay bales. We supply rifles, safety glasses, rests, shooting mats and hearing protection You supply the trigger puller! If you have a rifle and your own safety stuff great! We try to get one on one shooting instruction for new shooters. The indoor program is a great place to introduce our youth to the shooting sports.

We will try our best to get the youth out in time to finish their homework.
